

Name _____ Date _____

Read the paragraph. Then fill in the bubble that best completes each sentence.

What foods cause the most problems in a car? Chocolate is one. It gets all over things. When drivers try to clean up the mess, they often have accidents. Hot drinks such as coffee are also dangerous. Why? They spill. Greasy foods cause trouble when they drip. Jelly doughnuts cause problems too. Can you guess why?

1. The main idea of the paragraph is

- A. foods that are good for car rides
- B. the problems caused by chocolate
- C. foods that cause problems in cars

2. A detail that tells more about the main idea is

- A. greasy foods that drip cause problems
- B. drivers should pay attention to the road
- C. cell phones are dangerous in cars

3. The best title for this paragraph would be

- A. Chocolate Causes Accidents
- B. Please Eat Neatly
- C. Messy Foods in Cars

8. Problem Solving: Use Reasoning 1

Read and solve each problem. Write the number equation and show your thinking. Remember to answer in a complete sentence.

1. A bush had eighteen berries. A raccoon ate nine of the berries. Then the raccoon ate six fish. How many berries are left?

2. A bowl holds sixteen oranges and four apples. Children eat nine oranges. How many oranges are left in the bowl?

3. Seventy-two people are at the LA County Fair. Forty-five are on the rides. Are there more or fewer than thirty people who are not on rides?

4. Twenty-nine people ride on the Ferris wheel. Thirty-eight more people join them. Are there more or fewer than fifty people on the Ferris wheel?

**When Marvin Monkey dances, people put money in his cup?
Every hour Marvin counts his money. Marvin is a very smart monkey.**

1. Monday he had 16 cents.
He had 3 coins.
What were they?

2. Tuesday he had 5 cents.
He had 21 cents.
What were the coins?

3. Wednesday he had 19 cents.
He had 6 coins.
What were they?

4. Thursday he had 4 coins.
He had 40 cents.
What were the coins?

5. Friday he had 3 coins.
He had 7 cents.
What were the coins?

6. Saturday he had 26 cents.
He had 4 coins.
What were they?

Name _____ Date _____

Read each paragraph. Then fill in the bubble that best completes each sentence.

Languages of the World

Not everyone in the world speaks English. In fact, more people speak Chinese than any other language in the world. English is the second-most-spoken language. Other **major** languages are Russian and Hindi. More than 300 million people speak Hindi. Most of these people are from India.

1. In this paragraph, the word **major** must mean
- A. foreign and unknown
- B. large and important
- C. difficult and different

The Race

The race was about to begin. The announcer asked for the crowd's attention. Then he told the runners to take their places at the starting line. For a **brief** moment, there was silence. Then the announcer yelled, "Ready! Set! Go!" The race was on. The runners were off around the track, and the crowd started cheering.

2. In this paragraph, the word **brief** must mean
- A. rude
- B. noisy
- C. short

8. Problem Solving: Use Reasoning 2

Read and solve each problem. Write the number equation and show your thinking. Remember to answer in a complete sentence.

1. Mrs. Kennedy had nineteen dollars. Then she found seventeen dollars more. How much money does she have now?

2. The building is thirty feet tall. Spiderman has crawled fourteen feet. How much farther does Spiderman need to crawl to get to the top?

3. Mrs. Kennedy has thirty-nine Hello Kitty stickers and fifty-two Care Bear stickers. How many more Care Bear stickers than Hello Kitty stickers does she have?

4. A bakery makes sixty-four muffins. They sell twenty-nine by noon. How many muffins are left?

Name _____ Date _____

Read each paragraph. Then fill in the bubble that best answers each question.

The Arrival

A cargo plane lands at the airport in the middle of the night. By 5:30 A.M. the valuable cargo is on a truck. An hour after that, a painting is carefully unpacked in a large building. Specially trained experts check to be sure that the artwork is in good condition. Later that day the painting will be one of many hanging in a gallery.

1. Which sentence is most likely true?

- A. The painting is to be in an airport exhibit.
- B. The painting was sent for an art show.
- C. The painting was not packed very well.

Karl Gets Up

Karl sat and gazed at the view. He could see some of his friends in the distance. Lazily, he moved his feet back and forth in the sand. It felt fine and warm. Karl was so comfortable, it was almost too much trouble to get up. But that was why he was here. Suddenly, he stood and yelled "Here I come!" Then he ran toward the water.

2. Which sentence is most likely true?

- A. Karl is at the beach.
- B. It is a windy day.
- C. Karl is in the desert.

8. Problem Solving: Use Reasoning 3

Read and solve each problem. Write the number equation and show your thinking. Remember to answer in a complete sentence.

1a. Mrs. Kennedy has seventeen purple bows and thirteen blue bows. How many bows does she have in all?

1b. Mrs. Kennedy gives ten bows to her sister. How many bows does she have left?

2a. Mrs. Kennedy twelve eggs in a carton. She has sixteen eggs in a bowl. How many eggs does she have in all?

2b. Mrs. Kennedy cooks fourteen eggs for her family's breakfast. How many eggs does she have in all?

ACTIVITY 10

DIRECTIONS: Fill in the chart using Y for yes or N for no as you solve the puzzle.

	A	B	C	D
				
				
				
				

Two girls and their parents make up the Sanchez family. Find the first letter of each person's name.

1. People say Dona gets her curly hair from her father, Carlos.
2. Anita is younger than Bonita but older than Dona.

(title) _____

Early man had to learn how to make his own tools. He used stones to make them. He first looked for stones that were the shape he needed. He used the stones just the way they were.

Later, he learned to change the shape of stones. He found that, if he hit one stone with another, he could chip some of it away until it was the shape he needed.

Then, after a few years, he found that he could use wood and bones to make his tools better. He made knives, axes, spears, scrapers, and hammers.

Main Idea

1. Write a sentence that tells what this story is mostly about.

Vocabulary

2. What does the word *chip* mean in this story? _____
- a. a small piece of food
 - b. to cut a small piece from
 - c. a token used for playing games

Details

3. What did early man use to make his tools better?

Locating the Answer

4. Write the sentence that tells what early man first used to make tools.

Cause and Effect

5. How did early man chip away at the stones to shape them? _____
- a. he threw them on the ground
 - b. he hit one stone with another
 - c. he carved them with a hammer and a nail

Title

6. Give the story a title. Write the title on the line above the story.

Word Problems

Read and solve each problem. Write the number equation and show your thinking. Remember to answer in a complete sentence.

1. A bush had eighteen berries. A raccoon ate nine of the berries. Then the raccoon ate six fish. How many berries are left?

2. A bowl holds sixteen oranges and four apples. Children eat nine oranges. How many oranges are left in the bowl?

3. Seventy-two people are at the LA County Fair. Forty-five are on the rides. Are there more or fewer than thirty people who are not on rides?

4. Twenty-nine people ride on the Ferris wheel. Thirty-eight more people join them. Are there more or fewer than fifty people on the Ferris wheel?

SQUARE PUZZLE

~~Have a copy of this page made.~~ Cut out each of the five shapes below and place the pieces together in the shape of a square.

Grammar Ad-Libs 2

Think of some nouns and verbs, and write them on the lines.

1. verb: _____

5. verb: _____

2. verb: _____

6. noun (thing): _____

3. plural noun (things): _____

7. plural noun (things): _____

4. plural noun (persons): _____

Staying in Shape

To stay in shape and _____ your body,

(1)

you should _____ several times a week and eat
